Subject: Sanction Letter for Development of Autonomous Robotics for Remote Healthcare Assistance and Monitoring Project

Dear Sir/Madam,

We are pleased to inform you that the project proposal titled " Development of Autonomous Robotics for Remote Healthcare Assistance and Monitoring" submitted by the School of Engineering has been approved and sanctioned for implementation. This project will be carried out over a period of two and a half (2.5) years with a total budget of ₹70,00,000 (Rupees Seventy Lakhs Only).

The sanctioned project is subject to the following conditions:

1. Project Objectives:

- The project shall focus on designing and developing an autonomous robotic system integrated with artificial intelligence (AI) and Internet of Things (IoT) technologies.
- The system shall integrate adaptive security mechanisms within the robotic healthcare system to ensure data privacy and protect patient information.

2. Project Scope:

- The system will be developed, tested, and deployed in [Hospital], and it is expected to significantly enhance operational efficiency and Healthcare quality.

3. Budget Allocation:

- A total budget of ₹70,00,000 has been allocated for the project.

4. Timeline:

- The project duration is sanctioned for 30 months starting from sanction date.

We look forward to seeing the positive impact of this project on healthcare management and patient outcomes.

Should you have any further queries or require additional information, feel free to contact us.

Regards

HR Manager
