**Dear Dr. Raj Mishra,**

Subject: Acceptance of Research Grant “Application of Machine Learning in Predicting Antibiotic Resistance.”

I hope this message finds you well. I am writing to formally accept the generous research grant of Rs 15 lakh awarded to Dr. Raj Mishra “Application of Machine Learning in Predicting Antibiotic Resistance.” We are excited to embark on this critical research initiative that aims to utilize advanced machine-learning techniques to analyze data for the prediction and identification of antibiotic resistance patterns in microbial strains. The duration of the project is two year; within the year, you can complete the project within the timeline and submit the report after completing the project.

We understand the importance of utilizing the funds effectively and assure you that they will be used strictly for the purposes outlined in our proposal. This will include the purchase of necessary software, hardware, and tools for machine learning, as well as various consumables and personnel to support the project.

We appreciate the trust placed in us and will ensure regular updates regarding the research outcomes. Should there be any need for additional information or documentation, please feel free to reach out to us.

Thank you for your support. We are optimistic about our collaboration and look forward to making significant contributions to the field with this research.

Regards

Mr. M K Taneja  
Group Manager - Human Resources
