Report on International Conference

Title : "Creative Arts and Design "

Description : The University of Arts Tirana Albania, in partnership with Ajeenkya DY Patil University (ADYPU), conducted the Creative Arts and Design conference, which investigated the integration into the creative professions of art and design. The objective of this conference was to convene artists, designers, technologists, and researchers to deliberate on how to enhance artistic expression, inspire creativity, and revolutionize the design process. The event exhibited cutting-edge applications in the fields of interactive design, music, and visual arts.

Date : 06th Feb 2022 to 8th Feb 2022

No. of Days : 02

Event Summary : The most recent trends, innovations, and challenges in the field of creative arts and design were the focus of the Creative Arts and Design Conference, which convened artists, designers, educators, and industry professionals. The conference sought to promote a dialogue regarding the changing influence of art and design on the global creative economy, society, and culture by highlighting both traditional practices and cutting-edge digital technologies.
