FROM THE PRESIDENT'S DESK

Keeping in mind the necessary lockdown guidelines by the government, this academic year, our university has practiced principally online. Wherein we have had opportunities to collaborate and learn with many universities and educators from across the globe. As we came to a realization that students may feel demotivated due to lack of personal presence for the first time in the history of education, we indulged them into extracurricular activities online as well such as various group sessions, peer-to-peer learning, practicing talents, and voicing opinions leading to empowerment and confidence. These activities focused on personal developments in addition to the traditional education syllabus. Having fully utilized the online platform, our students not only gained education but also developed skills essential for a successful future.

I am delighted by the incredible efforts put forth by faculty and staff to continue engaging and encouraging students in dire times of a global pandemic. Likewise, I am elated by the students' enthusiasm and desire to develop themselves to contribute their skills to the world. Through thick and thin, we continue to demonstrate that we are a connected community functioning towards growth.

Our university is home to an intellectual community built on the foundations of open discourse, innovative learning, evidence-based analysis, and the challenge of engaging a diversity of perspectives.

With each day, we are rising to the challenges offered by an ever-changing world, meeting the needs of the time, and anticipating the needs of tomorrow. We are fostering connections in myriad forms considering the spirit of our students to flourish into leaders, thinkers, and innovators.

Our university has generated tremendous momentum for advancement on an accelerated path towards excellence, which is a collaborative effort of the faculty, administrative staff, students, and partners, bringing us closer to achieving our vision.

I would like to thank each and every member of this community for their ensemble contributions.

Dr Ajeenkya D Y Patil

President

Ajeenkya DY Patil University

VICE CHANCELLOR'S ADDRESS

The structure of ADYPU is foundational to our vision of being the educational institute of choice in the country and that entails being prepared for the upcoming challenges and hardships beforehand. With the experiences we gathered during the last 18 months period, we have excelled in a hybrid model of education to exercise high outputs of productivity both in terms of teaching and administration.

The academic session 2020-21 showed us that we can win any battle that will appear in front of us. The staff and management of ADYPU maintained the knowledge transfer continuum, took the potential of the university to the next level, and because of that in mid-October-November, we started offline classes again. The special care was tested out smoothly during the strict lockdown period and now we're here with vaccinated students and faculty members, all set for their long journey of taking the university to a higher place and motivating everyone around to do the same.

We paced up our approach to stay the best university in the region and bagged 18th Elets World Education Awards-2021 under the category for most Promising Engineering Institute in India, Excellence in Course Curriculum & Design, and Leading University in Innovation by Times. Even with all the obstacles thrown in front of us, we rose above them and took the student placement and company visits to new heights.

Seeing the campus filled with students bestow us with added zeal to make the system more student-centric, inculcate new innovation strategies in constructive pedagogy and achieve our mission to develop a transformative university community committed to creating a collaborative environment open to the free exchange of ideas influencing the society regionally, nationally, and globally, beyond the traditional borders.

Prof Hrridaysh Deshpande
Vice-Chancellor
Ajeenkya DY Patil University

GOVERNANCE, LEADERSHIP & MANAGEMENT

ADUPU Leadership is multifaceted with a large spectrum– it is scholastic, empirical, highly pragmatic at the same time deeply emotive, humane, logical, industrial, local, and global too. ADYPU management has a long tradition and heritage of excellence and a strong grit to take challenges in a rapidly changing global academic and industrial environment. The management is full of innovation at each step, it is the source of motivation for the whole faculty members, employees, and student community. Following is the brief information over the leadership at various levels.

The background of the page features a photograph of a university building with a prominent dome on its roof. To the right, there is a large, abstract sculpture in shades of blue and white, depicting a human head and shoulders. The sky is bright blue with some white clouds. The text is overlaid on a solid orange rectangular area.

ABOUT THE UNIVERSITY

Ajeenkya DY Patil University is a comprehensive, multidisciplinary, research focused and student-centric institution that is bringing a paradigm shift in higher education in India through its innovative curriculum, interdisciplinary focus, and cross-disciplinary thinking across a wide range of disciplines. The University is building an ecosystem of knowledge to promote recognition of the interconnectedness of ideas, systems, and environments in the world inside the campus, and those outside it.

The University has 7 schools including **School of Design, School of Film & Media, School of Management, School of Engineering, School of Law, School of Liberal Arts, School of Hotel Management, School of Information Technology and Interdisciplinary PhD Programs.**

Strategic Intent

The strategic intent for Ajeenkya DY Patil University is **“Always the best”**. In the coming five years, ADYPU will be recognized as one of the top institutions in the country for academic excellence in teaching, research, and quality of service. The guiding terms for us shall always be inspiration, intuition, imagination, and innovation. To achieve strategic intent, ADYPU is committed to:

- Create and disseminate knowledge through a range of high-quality academic programs in a student-centered learning environment emphasizing intellectual achievement and employability.
- Work through a matrix of four imperatives in all academic and research pursuits, viz. what is desirable to people, what is feasible through technology, what is viable for business and what is good for society and the environment.
- Create an enabling environment of freedom and responsibility, which stimulates the intellectual capacity of students, faculty, and staff to create opportunities for personal and professional growth.

School and Programs

ADYPU offers a variety of innovative academic programs through its 8 different schools which include School of Design, School of Engineering, School of Management, School of Film and Media, School of Law, School of Information Technology, School of Hotel Management, School of Liberal Arts and School of Architecture. Each school offers a range of programs including undergraduate and postgraduate programs, diploma courses, and certification courses of shorter duration which are tailored to suit student’s academic and career needs. ADYPU offers variety of options to gain knowledge, earn a degree, and choose career avenues in accordance with the need and want of each aspiring student.

School of Design	School of Engineering
<ul style="list-style-type: none"> • Bachelor of Design (Automobile design) • Bachelor of Design (Product design) • Bachelor of Design (Graphic design) • Master of Design (Automobile) • Postgraduate Diploma in digital modeling • Postgraduate Diploma in Design Driven Entrepreneurship • Master of Design Engineering (Product design) • Master of Design (Computer interaction design) • Master of Design (Design Driven Entrepreneurship) 	<ul style="list-style-type: none"> • B. Tech (Mechanical Engineering) • B. Tech (Computer Engineering) • B. Tech (Biomedical Engineering) • B. Tech (Mechatronics Engineering) • B. Tech (Biotechnology Engineering) • M. School of Management	
<ul style="list-style-type: none"> • B.B.A. in Sales and Marketing • B.B.A. in Entrepreneurship & Innovation • B.B.A. in Financial Services • B.B.A. in international business • B.B.A. in Financial services and CMA • B.B.A. in Logistics and Supply Change Management • B. Com (Honors) CMA integrated 	<ul style="list-style-type: none"> • MBA (Media & Communications) • MBA (Business Innovation and Strategy) • MBA (Banking and Financial services) • MBA (Business Analytics) • MBA (International Business) • MBA (Digital Marketing and e-commerce) • MBA (Logistics & Supply and Chain Management) • MBA (Healthcare and Hospital Management) and many other certificate programs.

School of Hotel Management

- Bachelor of Hotel Management
- Bachelor of Science (Culinary Arts)
- Bachelor of Science (Hospitality and Hotel Administration)

Teaching & Learning

Ajeenkya DY Patil University is directed toward making this institution highly student-centric. We thrive for innovation and we inculcate in our teaching and learning methods. With advanced pedagogy and unique customized education for students, we transform our processes as per the need of time. The Covid pandemic guided us on how the education sector thrives in the face of adversity and made us shift the education paradigm to the technology-enabled ecosystem.

ADYPU leveraged these months and took hybrid learning to new heights. With online learning, virtual labs, and workshops maintained the education continuum. It helped the students to stay focused and motivated towards the future.

Faculty engages with students in small groups and on a one-to-one basis, to encourage an 'individual response to set briefs. Our teaching and learning processes promote research, experimentation, analysis, evaluation, and self-criticism - all of which assist in arriving at the best possible solutions to a given academic or industrial challenge. Imparting appropriate and transferable practical skills is central to the learning strategy of the program. Initiative and independence is fostered throughout and develops incrementally as the course progresses. Analytical and problem-solving skills are developed using a range of appropriate 'real' and 'theoretical' case studies and problem / task-based learning scenarios. Knowledge is assessed, formatively and summatively, by several methods, including, practical work, individual and group presentations, written coursework, laboratory experimentation, examinations (seen and unseen, open and closed- book). A personal development plan for each student is planned at the beginning of the year which encourages students to set targets for their own personal development under the active guidance and mentoring of an appointed personal mentor.

RESEARCH AND CONFERENCE

School of Film & Media

Global Cinema & LGBT Movement @Mediascopic Series

In collaboration with The Filmy Monks, ADYPU School of Film & Media organized a special interaction with the global LGBT Filmmakers to discuss 'LGBT Movement & Global Cinema: A Ray of Hope'. As part of the Pink Love LGBT Film Festival, the webinar has put light on some interesting conversations around the narratives that focused on the LGBT audiences around the world. We had LGBT filmmakers from France, Spain & Brazil to share their insights, thoughts, and experiences.

National HR Conclave 2021: Reimagining HR in the New Normal

School of Engineering (ADYPU) organized the live National HR Conclave 2021: Reimagining HR in the New Normal on 29th May 2021 in association with ICT Academy. The sessions threw insights on the current issues & challenges of the industries towards the training and recruitment processes. This conclave helped participants to focus on the new normal and create a plan for individuals and enterprises. Indeed it was an honor for the participants to hear from the speakers about their perspectives and insights on how to shape the future of Enterprise, Livelihoods, Work, and the Workplace. It guided students on how to make better career decisions in the future and achieve success in their professional journey.

Global Academic Internship Programme

In collaboration with NUS & HPE have organized the Global Academic Internship Program

Date: 12th June, 2021 | Duration: 12 Weeks
Live: 4 Hour Sessions Every Saturday & Sunday

VIRTUAL GLOBAL ACADEMIC INTERNSHIP PROGRAMME AT NATIONAL UNIVERSITY OF SINGAPORE (NUS)

Powered By **CORPORATE GURUKUL**

For more information contact: **Dr. Suraj Kumar**
+91 7978329442/ 9853558604 | suraj.kumar@adypu.edu.in

The GAIP Internship program was brought to students to expand their learning horizons in the fields of Data Science, Artificial Intelligence, Big Data Analytics, and Machine Learning. A rigorous 12-week internship wherein students get opportunities to work with international peers and teams were sure to add value and quality learning to their experience. Through a competitive selection process and MCQ-based test, students were selected for the internship based on their scores and entire profile. Ideal for each engineering student, the GAIP internship makes a valuable addition to the profile of a student with certificates from renowned awarding bodies. Being a means for the students to fruitfully utilize their time, the program also makes students prepared and job-ready.

3rd Annual International Conference on Innovative Engineering Intelligent System Integration (ICISI-2021)

The poster features the Ajeenkya DY Patil University logo at the top left, with the text 'AJEENKYA D Y PATIL UNIVERSITY THE INNOVATION UNIVERSITY' and 'School of Engineering' to its right. Below this, it states '3RD ANNUAL INTERNATIONAL CONFERENCE ON Innovative Engineering- Intelligent System Integration (ICISI 2021)'. A 'Scopus Indexed' logo is also present. The dates '29TH & 30TH JULY' are highlighted in a rounded box. An 'Important Dates' section lists: 'Last Date of Full Paper Submission: 25th June 2021', 'Date of Notification of Acceptance: 30th June 2021', 'Last Date of Registration: 7th July 2021', and 'Last Date of Final Paper Submission: 10th July 2021'. A note at the bottom states: 'All accepted and presented papers will be published in UGC-Care listed Scopus Indexed Journals'. The conference tracks are: 1. Intelligent Machines & Robotics, 2. Intelligent Manufacturing, 3. Intelligent Computing, and 4. Intelligent Healthcare. The poster is in collaboration with ICTACADEMY, which has a logo of a stylized flower.

Ajeenkya DY Patil University, School of Engineering (ADYPU) organized the 3rd Annual International Conference on Innovative Engineering- Intelligent System Integration (ICISI2021). The expert person conducted the International Conference and delivered informative talks to encourage and guide participants and students. The students, researchers, and professionals participated in the International Conference on 29th and 30th July 2021. The conference was successfully conducted to find out innovative ideas for the various field of engineering. It was indeed an interactive and knowledge-building session.

First International Symposium: Purview in Medical and Food Biotechnology

INTERNATIONAL SYMPOSIUM ON PURVIEW IN MEDICAL AND FOOD BIOTECHNOLOGY

10TH AUG 2021

Prof. Dr. Navin Gulshan
Professor of Cell Biology
Centre for Biotechnology & Bioinformatics
Indian Institute of Technology
Bombay University, Mumbai, India

Topic: Investigations in synthetic chromatin organization and centromere identity

Prof. Dr. Zarbak Subramanian
Department of Medical Biotechnology
Faculty of Medicine
Nagasaki International University
Nagasaki, Japan

Topic: The Plant Secondary Metabolites: A Biotechnological Approach

Dr. Shuang Wen
Associate Professor
Department of Pharmacy
Shanghai University of Traditional Chinese Medicine
Shanghai, China

Topic: Engineering plant-based bio-factories for functional food and drug development

Dr. Binayaka Roy
Associate Professor
Department of Biotechnology
Indian Institute of Technology
Bombay University, Mumbai, India

Topic: CRISPR-Cas9 technology and recent scientific achievements

Dr. Sachin Kadam
Chief Technology Officer
Proteomics India

Topic: Next cell therapy: myths, reality, and future outlook

Dr. Anam Shrivastava
Professor and Associate Dean
Department of Biotechnology
Indian Institute of Technology
Bombay University, Mumbai, India

Topic: Microbes for management of metabolic disorders

School of Engineering (ADYPU) organized the one-day symposium on “Purview in Medical and Food Biotechnology” on 10th August 2021. The six speakers from India and abroad illuminated the audience with recent developments in medical and food biotechnology. It guided students to make bright careers in the field of Medical and Food Biotechnology.

SOLA International Conference on Arts, Humanities and Social Sciences: “Changing Configuration and New Directions”

The school of Liberal Arts hosted the International Conference on Arts, Humanities and Social Sciences on 27th and 28 th July, 2021. The conference sought to reinvent sustainable developmental strategies in the multidisciplinary realm. The conference focused on the interdisciplinary collaboration to seek answers and to streamline the contemporary research trends in various fields. Moreover, the conference provided a unique opportunity to engage in cross border learning and discover innovative ideas by bringing together research scholars, students and academicians from different fields. It also provided a platform to promote international partnership and cooperation among educators and professionals from all over the world. The Theme of the conference was, “Changing Configurations and New Directions.”

LIST OF DISTINGUISHED SPEAKERS

Dr. Robert Jensen is an Emeritus Professor in the School of Journalism and Media at the University of Texas in Austin, USA. He collaborates with the Ecosphere Studies program at The Land Institute, and with New Perennials Publishing and the New Perennials Project at Middlebury College. He is the author of *The Restless and Relentless Mind of Wes Jackson: Searching for Sustainability* (University Press of Kansas, 2021). Jensen is host and associate producer of "Podcast from the Prairie, with Wes Jackson," and associate producer of the forthcoming documentary film "Prairie Prophecy: The Restless and Relentless Mind of Wes Jackson." Jensen is co-producer of the documentary film "Abe Osheroff: One Foot in the Grave, the Other Still Dancing" (Media Education Foundation, 2009), which chronicles the life and philosophy of the longtime radical activist.

Dr. Vinitha Guptan is the Vice-Chancellor of Saito University College, Malaysia. She has also held various key positions in her long tenure of almost 20 years in higher education. She expertly drives strategic aims across quality, sustainability, competitive advantage, revenue, research and enrolment. Professionally and academically qualified with a Doctorate, coupled with industry experience, her both forward thinking and unconventional. As a keen researcher, Dr Guptan has published numerous articles on transforming higher education.

Dr. Daren Timmons is University of South Carolina Aiken's Provost and Executive Vice Chancellor for Academic Affairs, managing all academic programs and academic support services including enrollment management, admissions, and financial aid. He understands systems and people, is adept at building both community and international partnerships, and grasps the joys and challenges of the faculty and staff. Dr. Timmons leads with integrity, compassion, courage, and humor. Dr. Timmons also sits on the Advisory Committee on Academic Programs for the South Carolina Commission on Higher Education, and is chair of the board of the non-profit organization Citizens for Nuclear Technology Awareness. Before coming to UofSC Aiken in 2016, Dr. Timmons was the John C. Allen '62 Institute Professor of Chemistry and head of the Chemistry Department at the Virginia Military Institute in Lexington, VA where he developed new liquid crystal materials and metal-organic frameworks. He received his Bachelor of

Science degree in chemistry from Duke University and his doctorate in chemistry from Texas A&M University.

Dr. Vijay Khare is a Professor & Head, Department of Defense and Strategic Studies (DDSS), Savitribai Phule Pune University, Pune (SPPU). He was awarded a Partial Fellowship by the United Nations University, Tokyo, Japan. Dr. Khare was selected for the United Nations Short Course on 'Hologrammatic Terrorism' United Nations, Interregional Crime and Justice Research Institute, University of Rome, Italy. He completed an Executive Leadership Program and Advanced Mediation and Peacemaking program at the University of London, UK. Fellowship Awards: Dr. Khare is a recipient of the prestigious Fulbright Fellowship at Washington D.C.USA. He had been awarded the Erasmus Fellowship by the European Commission at Masaryk University Czech Republic. Moreover, he received the Social Scientist Award for his research work under the Indo-French Social Scientist Exchange Programme at the Foundation Maison des Sciences de l'Homme, Paris, France. He was invited by the US State Department under the International Visitors Programme to attend the 'US Multilateral Diplomacy' program and visited several universities in Washington DC, San Francisco Texas and New York under US State sponsored Program. He also completed "Academy Leadership Academy" Programme at the Center for the Study of Higher Education, Penn State University, USA. Regarding research, he received a Postdoctoral Fellowship from the University Grants Commission (UGC).

Dr. R. Raj Rao is a writer and teacher of literature and one of India's leading gay-rights activists. His 2003 novel *The Boyfriend* is one of the first gay novels to come from India. He received his PhD in English literature from the University of Bombay, and did postdoctoral studies from the University of Warwick. He is the author of *Slide Show* (poems), *One Day I Locked My Flat in Soul City* (short stories) and *Nissim Ezekiel: The Authorized Biography*. Poems from his 'BomGay' collection also served as the basis for Riyad Wadia's 1996 film *Bomgay*, said to be India's first gay film. Dr. Rao has held the position of a professor in the department of English, University of Pune(SPPU), founder of Queer Studies Circle, a gay-lesbian student group, and in his own words, a radical utopian. *Sildeshow* (Peepal Tree Press, 1992), poems, *Image of India in the Indian Novel in English (1960–1985)*, co-editor with Sudhakar Pandey, *Nissim Ezekiel: The Authorized Biography*, *One Day I Locked My Flat in Soul City* (Harper Collins India, 2001), short stories, *The Wisest Fool on Earth and Other Plays* (The Brown Critique, Kolkata), *The Boyfriend* novel, *Whistling in the Dark: Twenty-One Queer Interviews* (Sage, 2009), co-editor with Dibyajyoti Sarma, *Hostel Room 131* (2010), novel, *Lady Lolita's Lover* (Harper Collins India, 2015), novel, *Ten Indian Authors in Interview*, editor, *Madam, Give Me My Sex* (Bloomsbury India, 2019), novel. His poems appeared in many prestigious poetry anthologies like *The Dance of the Peacock* besides other noted Journals and anthologies.

Panel Discussion: Mainstreaming Sustainability through Education

The panelists contemplated the various perspectives through which sustainability can be achieved through education. Moreover, the amalgamation of both industry oriented as well as academic interventions to leverage the understanding of innovative pedagogical implications within various educational fields. The panel discussion provided us with profound insights on a variety of innovative methodologies that can be implemented in the field of education.

The session convened in the afternoon was relegated to Research Paper presentations.

Valedictory Ceremony

Prof. Raj Rao reflected upon the subject, “A Nation isn’t a Democracy if Marginal Voices aren’t heard.” He gave an insightful rendering of this recent work that corresponds to the vision of the conference. Moreover, he underscored the importance of ensuring the inclusion of all strata of the society to truly fulfill the utopian ideal of a sustainable nation. The session was informative and judicious in its vision towards inculcation of social awareness and pioneering spirit to transform the established conventions and open a leaf towards a new beginning in the pandemic ridden times. The valedictory ceremony of the Conference concluded with a vote of thanks proposed by Dr. Vidya Nagre.

STUDENT SERVICES DIVISION

71st year Celebration of “Constitution Day (2020-21)”

This year is the 71st year Celebration of “Constitution Day” on 26th November 2020. It was a 30-minute event organized by Ms. Priya Abraham.

Constitution Day or Samvidhan Diwas is celebrated annually in India on 26 November. The day is also known as National Law Day. The day commemorates the adoption of the Constitution in India.

The day is celebrated to promote Constitution values among citizens. The members of the Constituent Assembly signed two hand-written copies of the document on 24 January 1950 and two days later, it became the law of the land. The Constitution Day is celebrated as a mark of tribute to India’s first Law Minister BR Ambedkar, who played a pivotal role in drafting the Indian Constitution.

International Day of Yoga: (2020 - 2021)

The International Yoga Day was celebrated on 21st June 2021. The session was of 1 hour duration, in which faculty members participated to promote and bring awareness towards yoga, spirituality and mental health.

Yoga's origins can be traced to northern India over 5,000 years ago. The word yoga was first mentioned in ancient sacred texts called the Rig Veda. Yoga was refined and developed by Rishis (sages) who documented their practices and beliefs in the Upanishads, a huge work containing over 200 scriptures.

The idea for an UN-mandated International Day of Yoga was first proposed by Prime Minister Narendra Modi during his speech at the United Nations General Assembly (UNGA) in 2014. In his speech, Prime Minister Modi called Yoga an "invaluable gift of India's ancient tradition" and called for the "harmony between man and nature" through Yoga. This initiative was backed by as many as 177 nations, the highest number of cosponsors ever for any UNGA Resolution of such nature.

2021 International Day of Yoga, to be observed today, carries the theme "Yoga for well-being", much relevant for our times in a society still recovering from the impact of the Covid-19 pandemic.

A United Nations statement, issued earlier last week, read, "A growing trend of people around the world embracing Yoga to stay healthy and rejuvenated and to fight social isolation and depression has been witnessed during the pandemic.

World No Tobacco Day (2020 - 2021)

World No Tobacco Day was celebrated on 31st May 2021. The campaign aims to spread awareness about the dangers of tobacco and its negative impact on health, as well as the exploitation of the nicotine industry that is geared towards the youth in particular.

Each year, the World Health Organization (WHO) holds World No Tobacco Day on May 31. The goal is to spread awareness about the risks of tobacco use and how we can make the world tobacco free. Tobacco is the leading cause of respiratory disorders like chronic obstructive pulmonary disease, tuberculosis, and other lung diseases. In 2008, the WHO banned any kind of advertisement or promotion of tobacco. The World No Tobacco Day theme for 2021 is "Commit to Quit." On the day we all took the pledge to say No to tobacco consumption.

Pledge

On the occasion of World Anti tobacco Day, I take a pledge that I shall never smoke; consume any type of tobacco products in my life and motivate my family or acquaintances to not smoke & use any tobacco products. I shall keep the campus of my office / University tobacco-free and shall also motivate my colleagues to do the same.

As they say, the best way to quit smoking or using tobacco products is to never start. Attached below is a presentation which reinforces how important it is to know what effects tobacco can have on our body and ways we can quit smoking.

World Environment Day - (2020 - 2021)

The UN Environment Program (UNEP) annually organizes events for World Environment Day, which encourages worldwide awareness and action for the protection of the environment. It is celebrated on 5 June in over 100 countries.

The Theme of this year's World Environment Day is Ecosystem Restoration. Pakistan will act as the global host of the day. World Environment Day 2021 will see the launch of the UN Decade on Ecosystem Restoration.

Ecosystem restoration can take many forms: Growing trees, greening cities, rewilding gardens, changing diets or cleaning up rivers and coasts.

Attached below is a presentation that will give you a few tips and ideas as to how you can make a change. Remember, a single change made by every individual will go a long way in healing the environment.

Lecture series on Environmental Day_ 5June @ 11.00am

On the occasion of Environment Day, 5th June, ADYPU School of Engineering and Pimpri- Chinchwad Science Park, Pune jointly organized a virtual Science lecture series on the topic Nuclear Power Clean Green and Safe. The duration of the lecture was 1 hr via MS Team and speaker was Shri S. K. Jena, Sr. Manager, Nuclear Power Corporation of India, Mumbai.

Shri S. K. Jena, is working as Senior Manager in the Corporate Communications Group of Nuclear Power Corporation of India, Mumbai. NPCIL does various public awareness activities like, exhibition, publications, lectures, site visit, films, association with science center etc., to clear myths on various aspects of Nuclear Power among students and the public.

Emotional Well-being

Objectives Behind Initiative

- The goal is to help the students to remain emotionally and mentally healthy
- Help students understand and become aware of their emotions and reactions.
- Help them to express their emotions better
- Help them to manage stress better
- Help them to remain balanced in all aspects which in turn will help them to focus on their academics.

STUDENT ENGAGEMENT DIVISION

Polaris - The Student Community

Our ever-growing student engagement fraternity motivates branches in multiple talents of all our students. An encouraging environment for budding adults to collaborate, communicate and create. Polaris has been the backbone of student support during dire times of pandemic lockdown, encouraging productivity and providing a college atmosphere at home.

Know Your School

Know Your School was initiated amidst lockdown, to introduce newly admitted students to their respective schools virtually. Know Your School sessions were conducted on the zoom platform. The procedure of introduction was initiated by the faculty member(s) of the school, taking students through the curriculum, activities, and extracurricular activities. Many students engaged in these sessions to clear their doubts, and know their school better. This proved to be highly beneficial in the online situation of education.

Wednesday Wisdom

Wednesday Wisdom, another online initiative to keep students engaged and active, conducted sessions every alternative week with experienced and renowned members of the industry, sharing their insights on their topic of specialization. This provided learning to all students as to how industry professionals work.

ADYPU Edge

Taking inspiration from ott platforms, our university developed an informative and productive platform for video-streaming, calling it the pool of knowledge in a video format, providing an edge to connect with a wider community. Viewers have the opportunity to learn from a wide gamut of topics addressed by experts who share insights, explore concepts, innovative solutions, and practices. The categories involved; Business, Mind, Talent, Food, Multi. The website also includes e-learning videos covering all schools at the university.

Humans of ADYPU - an online social media initiative.

The following is a story-telling social media initiative, introducing individuals and their vivid story, philosophy, and journey. Diving into this initiative, we understand our co-beings better. An inspired concept of a collection of stories from individuals belonging to a particular space. Not only shares the essence of the space but also awarding the intensive colorful nature of human experiences that bring philosophies. Sharing anecdotes from the lives of these colorful personalities, we intend to provide the audience with motivational material.

CONTROLLER OF EXAMINATION OFFICE

Introduction and Purpose

Introduction and Purpose Covid 19 has brought many challenges in various aspects; however, the significance of quality work is adamant and at top most priority in ADYPU. Our Academic coordinators, Faculty members and School Heads had played a vital role in fulfilling all the norms and academic credentials. Challenges of implementation in our academic and exam schedule are duly accepted and adhered to by us. Keeping in view the pandemic circumstances, an environment cautious strategy was planned accordingly

Technology Integration in remote assessment

Intellectually an approach was fathomed for remote guidelines which was welcomed and followed by relevant faculty members. The Standard Operating Procedures were prepared and shared. Microsoft training was embedded to acquire necessary platforms such as teaching- learning, assessment.

The following are few guiding principles:

- Remote assessment guidelines
- On-line assessment guidelines
- Student promotion guidelines
- SOP Learning remotely with MS Teams
- SOP Teaching remotely with MS Teams

Technology Integration in communication

- Focus was to communicate virtually with students / staff members in digitization mode.
- Paperless Notices / Circulars / Documents were served to expedite information to keep the team with academic schedule flow.
- Structured way of decentralization proved a good result in sequence workflow.

Secured Printing

- A document security tool for the ADYPU education sector was adopted.
- 12 security features for transcript and 15 security features for certificates were introduced.
- Security features along with the software provides hidden text, encrypted information, guilloche design.
- The documents are secured with several kinds of threats, forgery, and misuse.

National Academic Depository

- As per guidelines of the Ministry of HRD – Government of India, NAD DigiLocker platform is being used by academic institutions for safekeeping academic awards in Digital Format.
- University successfully uploaded all Degree Certificates on the NAD DigiLocker portal.
- The Digital Certificate contains QR code through which the Certificate can be verified digitally and easily.
- Total 583 students of various Programs were convocated and Degrees were awarded.

Examination Manual

- An examination manual May 2021 is updated and documented for University examination processes and policies.
- The manual will serve as a ready reference of the examination office's various functions, operations and standard formats.

Enterprise Resource Planning Manual

- An ERP exam manual is formed to document University examination processes and policies.
- The manual will serve as a ready reference of automated academic and examination processes functioning within the University.

Convocation (April 2021)

The 5th Convocation Ceremony was held on 20th April 2021 for passed out students. The details are as follows:

Sr. No.	School Name	Total students convocated	First Class & above	Gold Medalist
1	School of Design	57	45	6
2	School of Engineering	221	205	14

CAMPUS LIFE AND STUDENT ACTIVITIES

FAREWELL- 2021

Date: 25 May 2021

Time: 4:00 PM- 5:00 PM

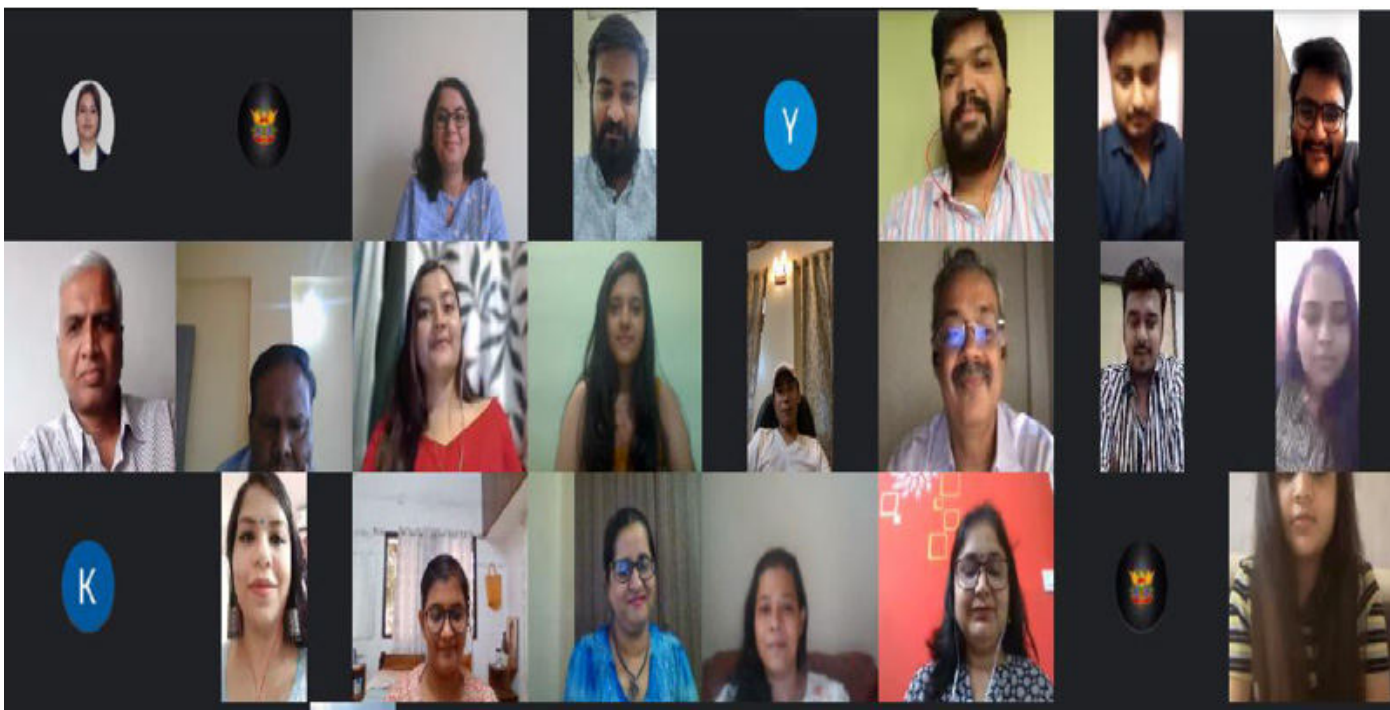

Batch: 1st Batch of B.A.LL.B & 3rd Batch of LL.B

Chief Guest: Prof. Hridaysh Deshpande, Vice-Chancellor, Ajeenkya D Y Patil University, Pune

The faculty and students of School of Law, Ajeenkya D Y Patil University, Pune bid farewell, virtually to the first-ever batch of B.A.LL.B and the third batch of LL.B on 25th May 2021.

The ceremony commenced with the address by the Vice-Chancellor of ADYPU, Prof. Hridaysh Deshpande who spoke about the connection he had built with the students over the years and expressed his grief over ending this journey virtually. After that, Dr. Sapna Bansal, Head of the Department, School of Law blessed them for success and encouraged them to dream big while emphasizing the value of ethics. Further, the entire faculty of the School of Law shared their beautiful wishes and words of wisdom to guide the outgoing batch in their academic and professional lives.

This was followed by a short video, prepared by the juniors to express their gratitude and revisit their old memories with the outgoing batch. Later, some friendly titles were presented to each of the seniors based on their personality. The ceremony ended with the seniors thanking the faculty members and the juniors.

Women's Day Celebration- By SOE

School of Engineering (ADYPU) organized a live event celebration along with male staff to celebrate a proud event i.e. "Women's Day" on 8 th March 2021. During the event, Male staff participated and celebrated the proud event with enthusiasm and keen interest. Faculty men's staff gave a handwritten greeting to give warm wishes for the same event. In that greeting, a self-explanatory sweet note was written which could justify the respective faculty. Many of the male faculties gave a short and sweet speech on the importance of Women and their existence. The event was celebrated with Cake cutting which made everyone cheerful and made everyone comfortable to enjoy the event.

INDUCTION 2020

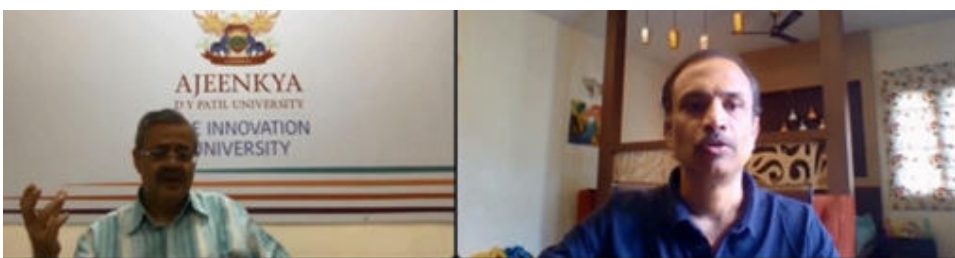

ADYPU induction is generally used to describe the whole process whereby the incumbents adjust or acclimatize to their new roles and environment. In other words, it is a well-planned event to educate the new entrants about ADYPU and connect them with the people in it. Induction week and beyond is an opportunity for students to find out more about their course, get to know their tutors/lecturers, get to know others on their course, make new friends and settle into university life and living in ADYPU.

In 2020 due to the breakout of Covid pandemic and nationwide lockdown, ADYPU conducted induction via virtual platform. In the induction process all the faculty members and new students connected via Microsoft Teams. Students and faculty members introduced themselves to each other, ADYPU welcomed the students and guided them about courses and how online classes, assignments and rest of the academic process will work.

Get set go by School of Engineering

A Grand Induction was organized by Ajeenkya DY Patil University - School of Engineering for all the newly admitted students in the form of Fresher Induction Program 2020 named "GET SET-GO". In the program, many eminent personalities provided invaluable guidance to the students for their professional journey ahead.

In this program, eminent personalities like Prof Hrridyash Deshpande (Director, ADYPU), Mr M Sivakumar, Mr Rajan Sethuraman, Mr S Karaiadiselman, Dr. Kumar Visvanathan, and Ms Vijayalakshmi S welcomed students and guided them for the next academic future.

School of Liberal Arts

ARAMBHA- A NEW BEGINNING by School of Hotel Management

ADYPU School of Hotel Management welcomed the fresh students' batch with an online induction program "ARAMBHA-A NEW BEGINNING", carried out for three days from 26th to 28th August 2020. The students were given a warm welcome by Dr Sandip S Tapkir (HOD-SHM) in his welcome address after which they were made aware of the ERP procedures through a recorded video of Mr. Ganesh Pokale (COE). After which they had an energetic session with the L&D Manager of TAJ Bengal, Ms. Sowmya Sengupta who briefed them on Topic- Importance of Grooming and Training for Budding Hospitality Professionals. She had completely engaged the students with her excellent oratory which ended the first day of online induction on Google meet.

The second day started with an Ice Breaking Game session followed by guest lectures by Ms. Nazia Choudhury (Principal- St Francis Institute of Hotel Management) on Topic- Niche careers in Hospitality and Hotels, a brief of the Training and Placement functions and roles was delivered by Professor Sachin Shelar. Mr. Sanjay Zalate (General Manager Express Group of Hotels, Vadodara & Jamnagar), our second Guest speaker of the day spoke about "Food Handling-Current Trends and Evolution". Lastly the students were briefed by our Academic Coordinator & Examination Coordinator on their roles and responsibilities.

On the third day of induction program students started with meeting each of their faculties in online Faculty Introduction, followed by Food Production Activity Food Production Faculty. Guest Speaker, Dr. Yogesh Daudkhane- Internationally Certified Trainer from the American Board of NLP, USA spoke to them about "Self- motivation and inspiration". Our second Guest Speaker of the day Mr. Amit Sharma- General Manager, Amanora The fern Hotels & Club welcomed then and shared his insights on topic- Future Tourism and Hospitality Trends.

The Conversation closed with student's feedback and an energetic Quiz and Conclusion by Professor Pranali Thorat.

RACHELL AMBROSE
DIRECTOR-RESONANCE DIGITAL
SLP-CREATIVE DIRECTOR AND
CO-FOUNDER AT MIGHTYVANT MEDIA

I have been a Convent girl and black belt in karate did my B.COM, MBA from IIS & M production batch.
I once heard that when you love your job, your job never stays a job anymore it becomes your passion, so that's what drives me in my career, the struggle has been real in this field but never less adventurous... there's more to learn and explore, its never the end... This is what keeps me going. After experience in every step of film making, in and around 15yrs of this journey, I feel the hunger is still the same and there's more to be done and this is the bliss of choosing to be in this field.

Distinguished Guest Speakers

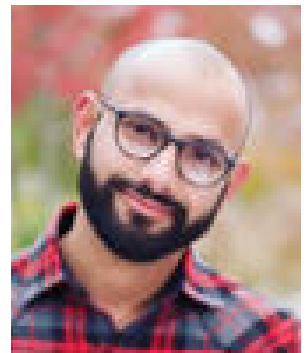

Mr K Rajsekhar

Mr Rajsekhar is the Director of Global Alliances at Dell Technologies. He has over 22 years of extensive experience in People Management , Business Development, Account Management, Direct Sales, Channel Management ,Digital Transformation and Cloud Evangelist, besides other marketing and sales functions. He has travelled over 30 countries and enjoys reading fiction, trekking, playing Chess, table tennis and has a special fondness for dark humor. A true literarian, fictional characters hold a special place in his heart.

Mr Deepak Kashyap

Mr Deepak Kashyap is the Director of Corporate Mental Health, Diversity and Inclusion at the Toronto Mindfulness Centre. He is a counselor, coach and a prominent LGBTQ rights activist. He contributes regularly to Reader's Digest Canada, and has made several appearances in television and radio speaking to awareness about mental health and gender and sexual diversity. One of his greatest works is The Pink Booklet, a series of 51 questions, answered to shake, if not shatter, myths around homosexuality and busexuality that family members of the queer often hold. In 2014 Deepak was hosting Love, Sex and Drama which made him the first openly gay TV show host in India.

Dr B Baker

Dr. Balunywa Baker is the Education Attache at the Ugandade High Commission in New Delhi, since 2011. In a career spanning overthree decades, Dr Baker has been associated with the various facets of the education sector from lecturing in prestigious universities and management institutes to holding the position of Principal Education Officer at the Ministry of Education and Sports, Uganda. His metier lies in forging new partnerships between institutions, communities and countries to facilitate capacity building and development through education.

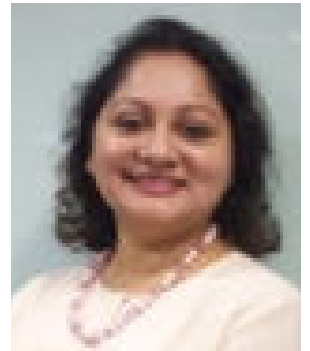

Dr Sonal Purohit

Dr Sonal Purohit has done Masters in management and has pursued doctorate in the same. Having aced in the academics, while working as a Head of Department she thought of pursuing her true passion. Holistic Lifestyle management is her true passion and hence she works as a Lifestyle coach at Satva Lifestyle management, where she guides and provides holistic nutritional diet. Her interest in entrepreneurship has not distanced her from academics and she is Faculty of Management Sciences in Premium Institutions. Holistic nutrition ,corporate Wellness influencer, strategic planning, management facilitator and leadership development is the core skill set that Dr.Purohit possesses.

Ms Pallavi Bengiri

Ms. Pallavi Bengiri is a renowned practicing image consultant, certified voice trainer, NLP practitioner and IMPA (Image management Professional Association) member. After getting successfully trained under Image Consulting Business Institute, a pioneer in India and the biggest brand in the world of Image Consulting and Soft Skill Training space, as a part, what does she do, that her clients are able to enhance their image and create better opportunities both in their personal and professional life. With education in Healthcare and Hospital management, she has a good working experience in the Healthcare industry in India and Australia. Her passion lies in clothing, grooming and body language as the most important factors in creating a lasting first impression. She has conducted various online workshops on image.

Projects and Drives

1. Pathshala activity with Robin Hood Army, Pune

The School of Liberal Arts perceives Valentine's Day as a day to promote happiness, peace and love. This year School decided to promote love for education.

The department conducted a workshop on the importance of education for the children at the construction sites in Wagholi on 14th February 2021. The session was conducted by teaching them how to use waste newspapers and was then linked to the learning that time used in educating themselves will bear fruits. The project was well received by the students and their families. The project sought to encourage students to engage in community service as well as help students to realize they can make a difference and give them the tools to do so and develop awareness and better understanding of the communities they live in.

2. Global Village: Comparative study of Social Practices in India, Thailand and Sudan. (SOLA PROJECT)

Global Village is an idea that people are connected by easy travel, mass media and electronic communications, and have become a single community. It also describes the phenomenon of the world's culture shrinking and expanding at the same time due to pervasive technological advances that allow for rapid sharing of culture. However, certain practices seem familiar and intrigue us leading to an inquiry into history. While the familiarities intrigue us, diversity amazes us which translates into greater acceptance, tolerance and harmony. Therefore it is vital, that students (especially of Liberal arts) complement theoretical understanding with real-world information.

Rationale for Study: ADYPU is host to students from 19 nations contributing to the diversity on its campus. While ADYPU celebrates this diversity, it is imperative to understand their cultures and values to create a harmonious and positive learning environment for both domestic and international students.

Covid: A wake up call (Sola Project)

Each student team allotted a specific topic based on their areas of specialization and interest. The team worked under the supervision of a guide; a faculty member from each specialization. The team charts out a time-line to conduct the project. The team shall follow all the necessary steps in designing the project. The project team adopted tools such as interviews and questionnaires to collect primary data. Secondary data shall be gathered from journals, magazines, e-content, library sources etc. The data collected will be analyzed using appropriate tools. The teams conducted virtual meetings to discuss the progress of the project. Due consents will be taken from the interviewees and the teams did not deviate from code of ethics and conduct.

Celebration of days of national and international importance

FOREST DAY CELEBRATIONS

Date : 22 March 2020

This was an open air drive. The idea behind the event was to bring to the forefront of people's minds the need for forest and for happiness. These two have been proven to be interconnected and both can be pursued at an individual, organizational level. These days were celebrated to promote awareness and action. After a small introductory talk, a Sonchafa (*Michelia Champaca*) was planted by the Hon Vice Chancellor. This was followed by him addressing the small gathering under a Neem tree. 100 more trees were pledged to be planted on campus. The announcement of the launch of Well-being Assistance for Youth center was made. The event was concluded with distributing saplings to the heads of various departments and refreshments.

INTERNATIONAL LITERACY DAY

Date: 8 September, 2020

The event started with a historical overview of literacy. A documentary on the world-wide scenario of literacy was displayed followed by the discussions on 'What is Literacy to You?'. To keep the event informative yet entertaining, the event was a combination of activities. The following activities were conducted during the session. Students were asked to read about the UNESCO International awards for Literacy 2019 and previous, a day prior to the event that was discussed and followed by a Q and A round. The motto behind this activity is to encompass the range of the International Literacy Day world-wide. The major objective of the event was to literate everybody in certain ways. Thus, a few chosen yet common words from English, such as greetings, were given to the students and asked to tell the parallel word from other languages like Japanese, French, Spanish, German, Russian, Arabic, and Hindi.

2. SOLA PLEDGES 100 hours of Community Service on account of Founder's Day

SOLA INITIATIVE: WAY (WELL BEING ASSISTANCE FOR YOUTH)

1. Mental Health Webinar Series

Speakers:

1. Dr Sushmita Sharma

(Professor of Obstetrics and Gynecology at the MIMER, Medical College, Pune)

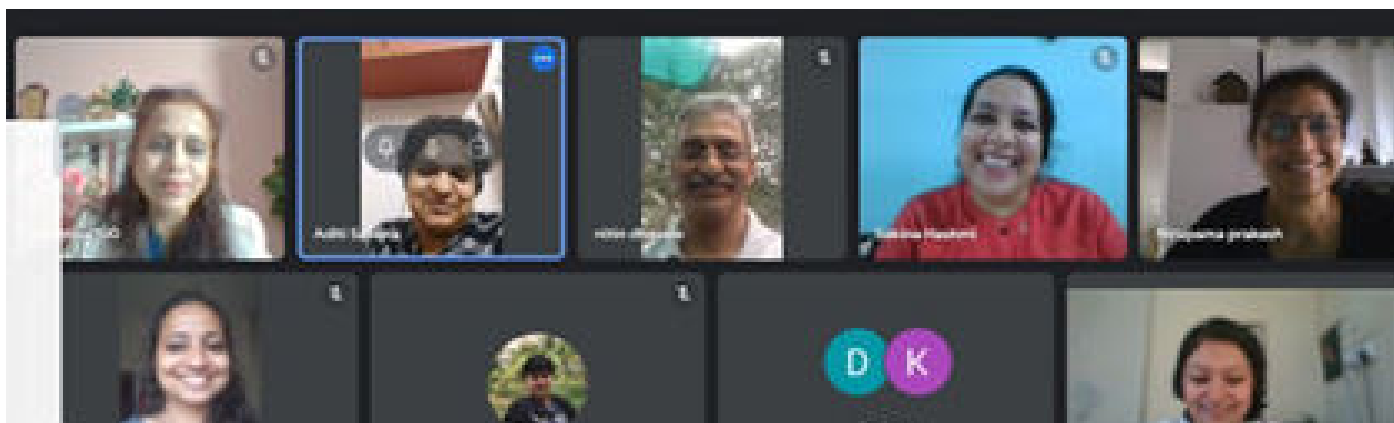

2. Dr Sonli Talavlikar

(Homeopathic Physician, Founder of Start Fitness)

3. Ms Prachee Dhar

Wellness Coach with Accenture

An experiential session for the students was conducted. Ms. Prachee is a psychotherapist who has faced her own share of mental health challenges. She spoke about journaling as positive practice that helped her cope. Dr. Sonali Patil is a Homeopath and a fitness consultant, whose trust with mental health started when her mother was diagnosed with schizophrenia. She used exercise and fitness to cope with a difficult childhood and life's challenges. Finally, Dr Ashwin Naik, an Ashoka Fellow and a mental health entrepreneur spoke about how social innovation has a role to play in the mental health outcomes in India. It was a comprehensive program to create awareness and a call to action for mental health.

2. ROUNDTABLE With Renowned experts in Wellness

Speakers:

1. Ms Aditi Saxena (Leading Psychologist)
2. Ms Nitin Dhavale (Fitness Expert)

MELTING POT : UNDERSTANDING WORLD CULTURES

Indian but not India , Focus on Bangladesh

Dr. P. Litton

Dr. Litton Prorad Mowaliev of Bangladesh was invited to speak at this event as part of the “Melting Pot” webinar series. He discussed some of Bangladesh’s most important cultural aspects. Students questioned him on the status of women in Afghanistan and education in Bangladesh. The event piqued students’ interest in learning more about ground issues and realities in Bangladesh. Students also discussed war issues.

Impact of Colonization on the culture of the ruled countries (Focus on DR CONGO)

Mr. Germain Kazadi

We invited Mr. Germain Kazadi from the Congo Republic to this event as part of the “Melting Pot” webinar series. He discussed some important cultural aspects of the Congo Republic.

Students questioned him about the situation of women in Afghanistan and education in the Congo Republic. The event piqued students’ interest in understanding more about the ground issues and realities in the Congo Republic. Students also discussed military conflict challenges.

Exploring Culture through Travelling

Mr.Fanil Zakaria , Traveller, Blogger

A virtual talk by Mr. Fanil Zakaria an entrepreneur, Professor and vivid speaker. Through the talk, our guest speaker shared the best of his experiences, he gained while being into the travelling business of more than four decades old. His lecture focused on exploring cultures across the globe and how travelling opens a casket of possibilities and endeavours.

Afghanistan: Culture and Status of Women

Mr. Ainuddin Muradi, Ministry of Labour and Social Affairs

Mr. Ainuddin Muradi spoke about the culture of Afghanistan. He said Afghan culture is very collectivistic. People tend to put their family's interests first. This means that they do not have to put their own needs first. Some groups are more equal, while others have a hierarchy. The concept of social justice is also used to describe the various groups' wealth and status. The status of the various communities was significantly different. In most cases, the administrators were appointed by the richest landlords, who were mainly responsible for the maintenance of the communities' infrastructures. The status of women was improving and progressing. The event ended with a vote of thanks from the Head of the School, Prof.Nirupama Prakash.

OTHER WEBINARS

1. Sense of Well-being and COVID Crisis

Date: 21 May 2021

Guest Speaker Dr. Kirtiraj Vatkar

COVID 19 scattered the life of every human being. On this background of crisis, SOLA organized the webinar on 'Sense of Well-being and COVID Crisis' on the google meet virtual platform. The outcome of the webinar was to create a sense of Well-being in students and faculty members to face the COVID Crisis effectively. The webinar was inaugurated with the warm welcome by the Co-coordinator of the webinar Dr. Samadhan Nikumbh. He introduced the honorable Guest Speaker Dr. Kirtiraj Vatkar. The Guest Speaker, Dr. Kirtiraj Vatkar had created awareness through examples of the present COVID crisis. He had given adequate examples of cases in COVID pandemic along with the detailed guidance on the concept of wellbeing. He further suggested the right ways to maintain the sense of wellbeing to face the crisis. At the end of the speakers' note, the question - answer session was conducted and the participants actively expressed themselves. With the concluding remark Dr. Vidya Nagre, Dy. Head, SOLA proposed the vote of thanks. The webinar was co-ordinated by Dr. Samadhan Nikumbh under the guidance of Prof. Nirupama Prakash, Head, SOLA.

1. Title : Intellectual Property Rights

Date : February, 12, 2021

Speaker : Dr. Pravin Desai

The event was organized via two modes at a time on February, 12, 2021. The session was arranged in the ULC Think Room in the physical presence of the ADYPU faculties with utmost precautions on COVID 19, whereas an online platform of Google meet was made available for the SOLA students. Dr. Pravin Desai talked about the concept of IPR, Copyright, Trademark, patent registration. etc. He shed light on the process of the registration of IPR. While providing insights on the various government agencies of IPR in India, he shared a few remarkable examples of IPR. The session was very informative as well as interesting. Students asked queries at the end of the session to which Dr. Desai provided satisfying answers. To conclude, the session was very interactive and lively due to the accurate explanation of the concept along with the sufficient instances from various fields.

2. Title : Appreciating Paintings

Date : 25th May, 2021

Mr. Gokul Suralkar (Art practitioner)

A virtual workshop on Paintings by Mr. Gokul Suralkar an Art practitioner, Facilitator on 25th may 2021. Through the talk, our guest faculty will give you hands-on experience of the best of his expertise, he gained while being into academics and his entire education is based on this. The workshop will be focusing on various forms of paintings.

3. Title : Body Culture

Nirupama ma'am, Head of the School of Liberal Arts, invited distinguished speakers from around the world. We invited Dr. Vaibhavi Ranawade ma'am from the School of Design to this event as part of the "Melting Pot" webinar series. Dr. Vaibhavi discussed Body Culture. Her knowledge of design was a valuable asset. She covered a few important topics in body culture, such as grooming, clothing, and body makeovers, among others. Her theoretical foundations are solid. This journey from culture to body was well received by the students.

School of Law

The lecture provided guiding light for the students who wish to participate in the moot court competition to represent the college. Furthermore, the session gave an idea to the students regarding the changing ways of appearing for the moot court on a virtual platform.

The workshop provided a great practical experience for students to learn the basics of Trademarks and Patents filings and practice and procedure. The resource person is a renowned advocate with 10+ years of experience in the field of Patents and Trademarks.

The School of Law conducted a webinar dealing with the practices followed while dealing with the cases initiated with NGT. The resource person is currently on the Panel of NGT Bar Association for Western Zone Branch.

The Webinar was organized in collaboration with the Srujan Welfare Society. The students understood the ideas behind fundamental rights and how we can exercise them.

Dr. Adv. Uday Varunjkar

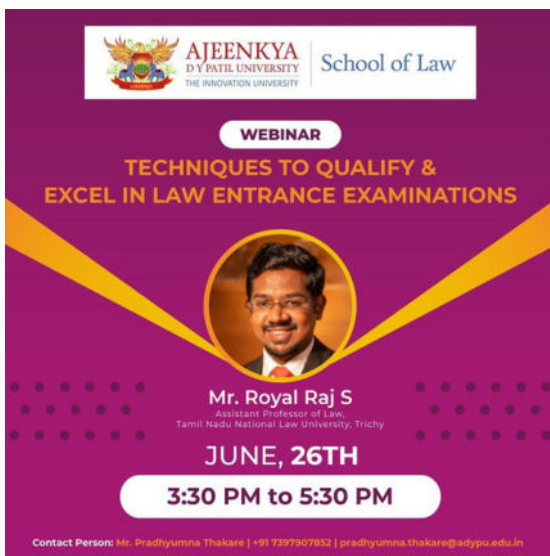

Online platform
Google Meet

For More info contact : kashmira.lonkar@adypu.edu.in

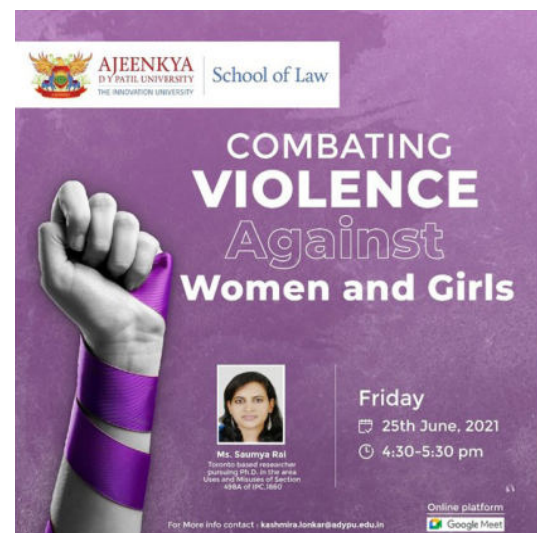

The object achieved by the Webinar was to emphasize the importance of Geographical indication in the context of a global perspective. The resource person was a Professor at Albany State University. The session was rather interactive.

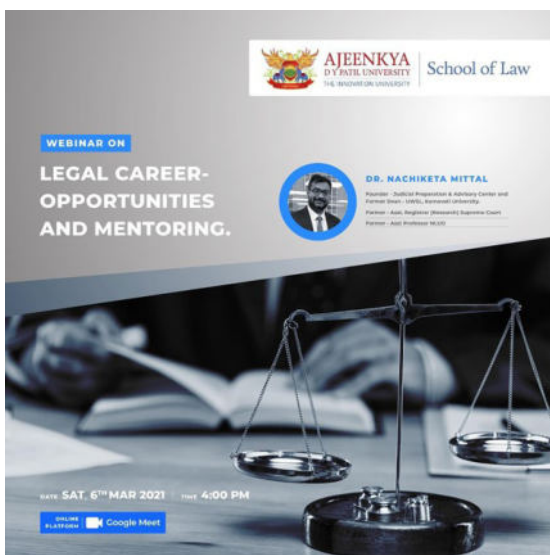

To fulfill the promise of employability, the webinar was conducted by the School of Law wherein the Important aspects of preparations for various competitive examinations in the School of Law were discussed. Students asked a lot of queries and it provided the students with all the information regarding the strategy to be followed by the students while preparing.

Gender-biased sex selection is a discriminatory practice against girls which is embedded in a complex net of socio-economic and cultural factors. It is pertinent to note that the micro-level studies conducted by UN Women, UNFPA, UNICEF, UNDP, WHO, and UNRCO particularly with reference to the Asian countries and in India itself, have identified inter alia the determinants namely, strong patriarchal values/ norms manifested through male-centric practices, hypergamy, access to unregulated technology and traditions undermining the human rights of women and unborn child. In the Indian context, the policies, Beti Bachao Beti Padhao Scheme, and laws have aimed at restoring gender equality and have played a protective and/or preventive role by subverting gender-biased sex selection. However, the incidences of female foeticide continue to be reported creating a need for assessing the efficacy of the legal framework.

The webinar was envisioned so that the students of ADYPU are ready with all the documentation required to enter the world of law in action. The Webinar gave ideas about effective CV Building, Cover Letter Drafting, and Interview Etiquettes.

In this Webinar, Dr. Nachiketa Mittal elaborated upon the need of the current legal professions and emphasized upon the topic that the students need to decide their career path while pursuing the courses to become a successful member of the legal fraternity. Dr. Mittal also guided students regarding various competitive exams and emerging avenues of the legal field.

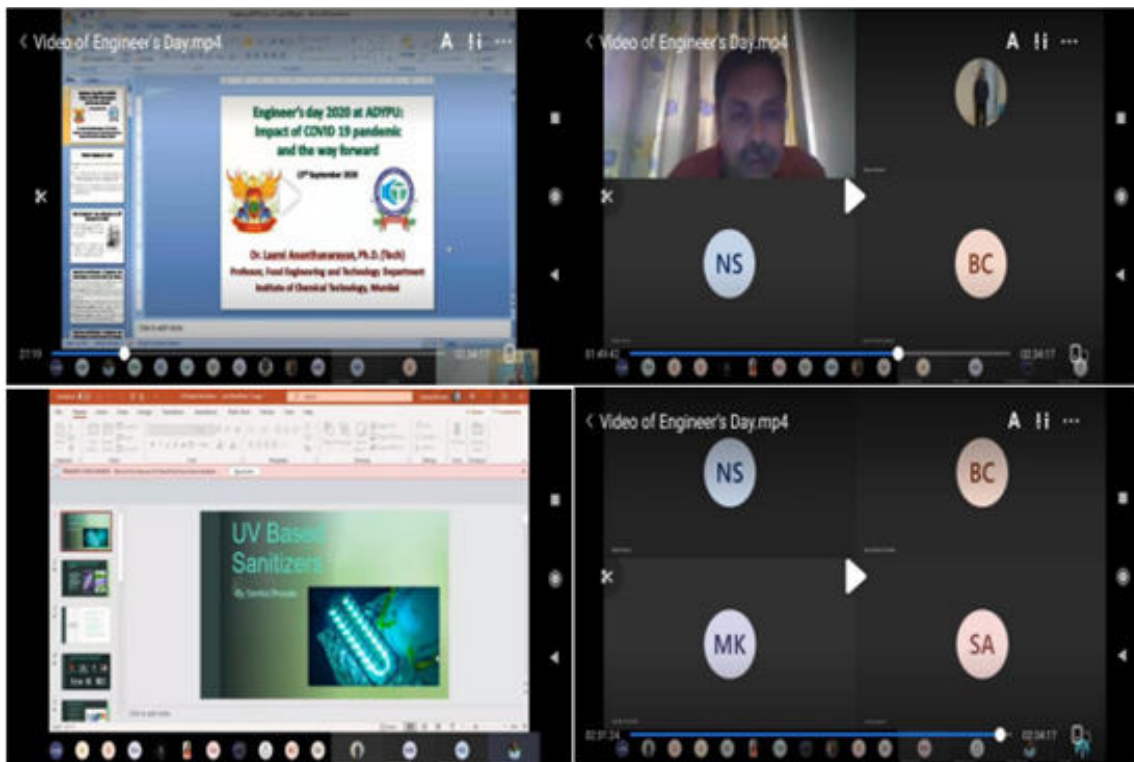

School of Engineering

Engineer's Day

School of Engineering (ADYPU) celebrated Engineer's day 2020 by addressing the role of engineers in today's world, which was inaugurated with an informative talk on "Impact of COVID-19 pandemic and the way forward" by eminent speaker Dr. Laxmi Ananthanarayan (Professor, ICT Mumbai) followed by students participation into the celebration with interesting and relevant activities such as Ideatron [Innovative Idea presentation], Essay Competition on various current topics and quick on spot quiz competition. Students participated with full enthusiasm for these activities.

Ajeenkya D Y Patil University, School of Engineering celebrated Engineer's Day on 15th Sept. to mark the 53rd birth anniversary of Sir Mokshagundam Visvesvaraya and as a tribute to an Indian engineer who was conferred with the Bharat Ratna in 1955.

Lean manufacturing and 5S Activity

ADYPU School of Engineering welcomed the Expert Guidance Series by Auto Cluster through which an expert person delivered a lecture on various trends in the industry which to help students for their upcoming bright careers.

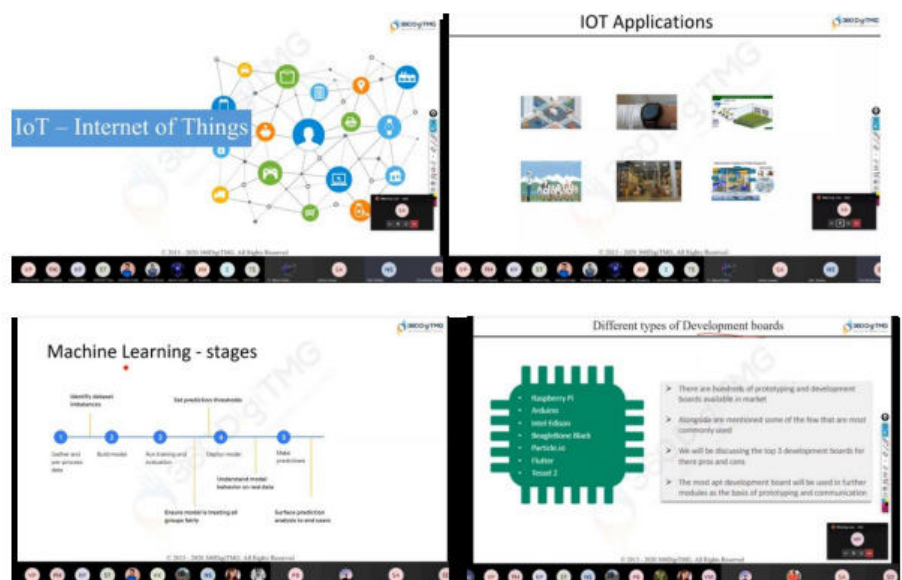

The session started with Auto Cluster. Mr. Kiran K Vaidya - Managing Director Auto Cluster Development & Research Institute, Chinchwad delivered an online expert session on “ Lean manufacturing and 5S Activity “ on the 1st Oct 2020. They explained each detail involved in lean manufacturing and 5S activity. They successfully made students understand its importance for the current/ future and took away the great knowledge on good industry practices. It was indeed an interactive and knowledge-building session

The poster is for a live webinar titled "LEAN MANUFACTURING AND 5S ACTIVITY". It features a portrait of Mr. Kiran K Vaidya, Managing Director of Auto Cluster Development & Research Institute, Chinchwad. The event is organized by the School of Engineering at Ajeenkya D.Y. Patil University, The Innovation University. The webinar is scheduled for 1st October 2020, starting at 10:30 am onwards. The poster includes decorative dotted patterns and the university's logo.

IoT Webinar

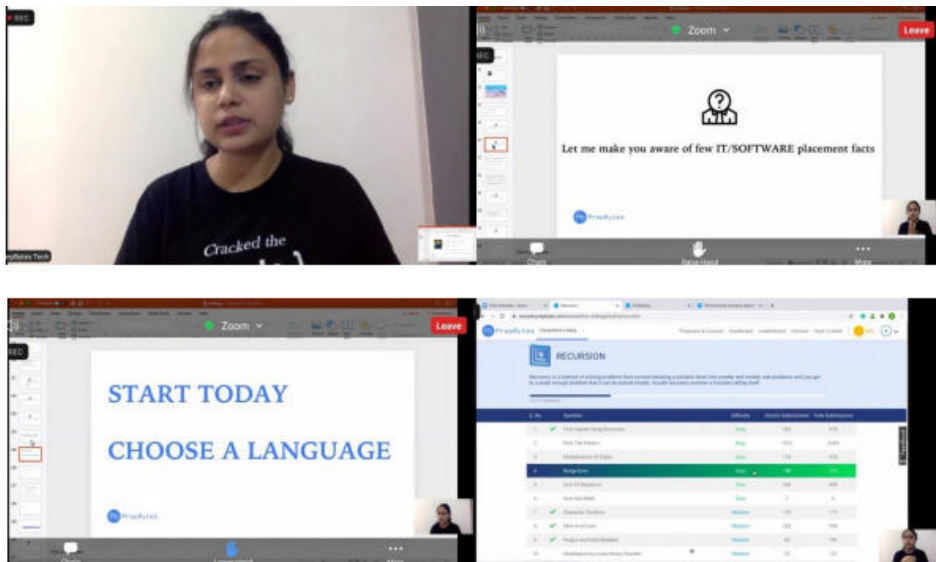

School of Engineering (ADYPU) organized a live webinar in association with Panasonic India. Mrs. Sreeja Depuru – the IoT Specialist with Innodatatics from Panasonic India, delivered a live webinar on “Internet of Things (IoT) Technology & Analytics” on the 29th Oct 2020. They explained what is IoT, how to learn the IoT ecosystem and areas to be focused on in IoT. It was indeed an interactive and knowledge-building session that will help students in their career making.

The image shows four screenshots from a webinar presentation. The top-left slide is titled "IoT - Internet of Things" and features a network diagram with various icons representing different IoT concepts. The top-right slide is titled "IOT Applications" and displays several small images illustrating different IoT use cases. The bottom-left slide is titled "Machine Learning - stages" and shows a flowchart with five stages: "Define and preprocess data", "Build model", "Apply knowledge and evaluation", "Deploy model", and "Data production". The bottom-right slide is titled "Different types of Development boards" and lists several boards: Raspberry Pi, Arduino, Intel Edison, BeagleBone Black, Particle, Yocto, and Texas Instruments. It also includes a list of bullet points discussing the availability and use of these boards.

Webinar on Competitive Programming & Placement Preparations

School of Engineering (ADYPU) organized a live webinar in association with PrepBytes. Mamta Kumari, Co-founder PrepBytes from Prepbytes, delivered a live webinar on “Competitive Programming & Placement Preparations” on the 31st Oct 2020. They explained what coding is, its importance in today’s life along with future scope for career development. It was indeed an interactive and knowledge-building session.

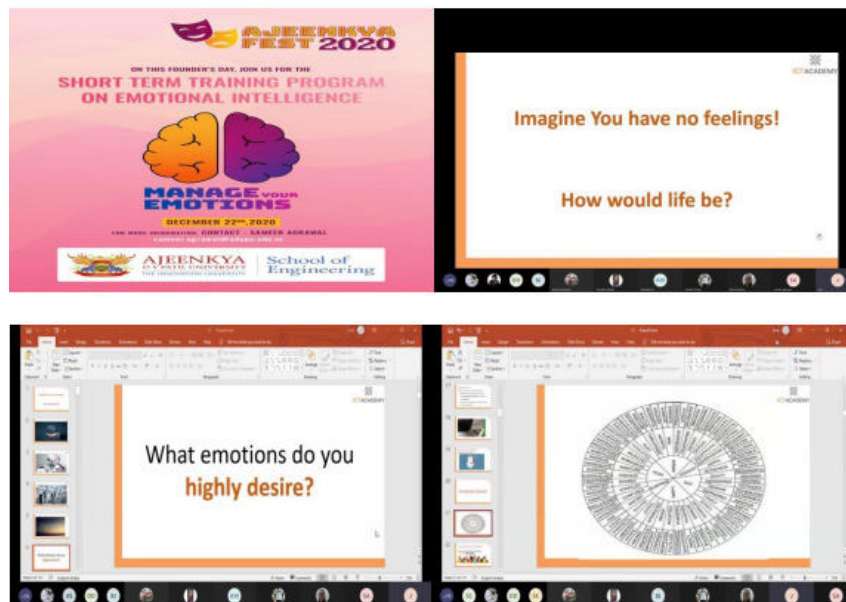

GROWW webinar on Finance Management - Prepare your Future with Groww

School of Engineering (ADYPU) organized a live webinar in association with Groww, one of the youngest finance and investment experts in India. Harsh Goela delivered a live webinar on “Prepare your Future with Groww, Investing in Stocks, Mutual Funds, etc” on the 23rd Nov. 2020. They explained about a platform at the comfort of your screen- AIKI (#AbIndiaKargeInvest).

AIKI, an expert webinar to make investment simple. It was indeed an interactive and knowledge building session.

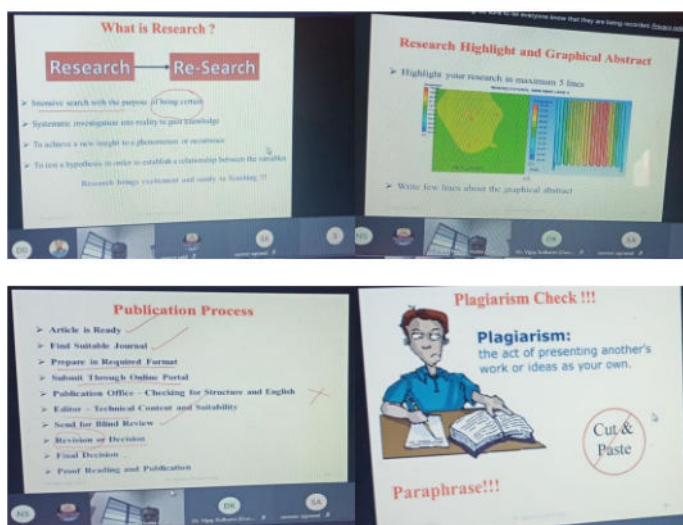

Founder's Day Emotional Intelligence Session

School of Engineering (ADYPU) organized a live online training program in association with ICT Academy. In this program, an eminent personality like Jino Jose (Deputy Manager Training & Research at ICT Academy) has trained and guided students for their emotional and professional journey ahead. In this training program, the speaker made everyone understand feelings, emotions, and behavior. How these all are different from each other and how we can control them to get more success.

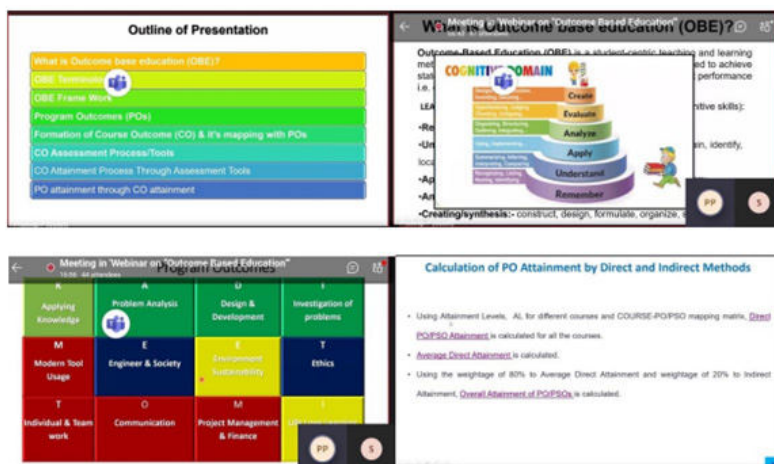

Webinar: Research paper writing: Tools and Techniques

School of Engineering (ADYPU) organized a live webinar in association with Vellore Institute of Technology (VIT) Vellore, one of the young Professors from the same institute. Dr. Tapano Kumar Hotta delivered a live webinar on "Research paper writing: Tools and Techniques" on the 25th of Feb. 2021. They guided us about how to plan research work and research paper writing for the same work. Sir also explained how to construct a title for a research paper which should explain your all paper in crisp form, how and which journal should be selected, how to increase acceptance of your research paper. It was indeed an interactive and informative session.

Training Workshop on Outcome Based Education

Dr. Pradeep Patil delivered a live webinar on “Training Workshop on Outcome Based Education” on 17th March 2021. They guided us about how to do CO-PO-PSO mapping and how to do the related work. The session helped me to understand the mapping in a better and easy way. The session helped to learn the calculations of PO attainment by direct and indirect methods. It was indeed an interactive and informative session.

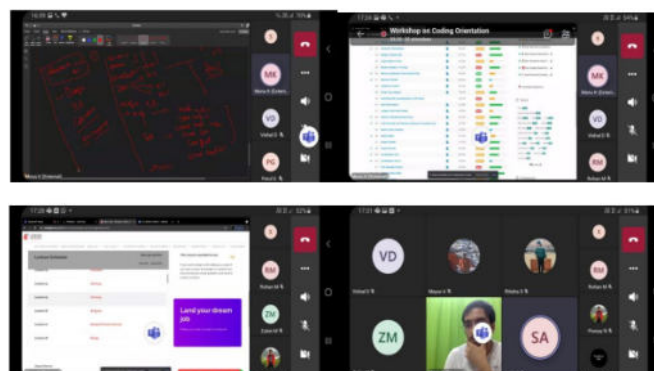

Webinar-Tuberculosis: A Persistent Global Health Challenge

School of Engineering (ADYPU) organized the Resource Person to deliver an awareness webinar on “Tuberculosis: A Persistent Global Health Challenge” on the occasion of World Tuberculosis Day. Dr. Shivraj M. Yabaji delivered a live webinar on “Tuberculosis: A Persistent Global Health Challenge” on the 24th March 2021. It was indeed an interactive and knowledge-building session. The session helped to understand the thorough insight on the current situation and challenges to the global control of Tuberculosis was truly overwhelming.

Coding Orientation Workshop

School of Engineering (ADYPU) organized the Resource Person to conduct the workshop to create skilled Software Engineers for our country and the world. Mr. Mohit Uniyal (Instructor and Product Engineer at Coding Blocks) conducted a live workshop on the “Coding Orientation Workshop” on the 23rd April 2021. It was indeed an interactive and knowledge-building session. The workshop helped to bridge the gap between the quality of skills demanded by industry and the quality of skills imparted by conventional institutes.

Workshop- Solar PV

School of Engineering (ADYPU) organised the Resource Person to conduct the workshop to develop a strong strategy and the tools and tactics you'll need to achieve your business goals in the field of SOLAR PV. Prof. Mahesh Ashtaputre [Director of SriVidya Institute of Skill Development] conducted a live workshop on "SOLAR PV" on the 18th and 19th May 2021. It was indeed an interactive and knowledge building session. The workshop helped students to get practical-based learning and business oriented skills. The workshop students learned the necessity of solar PV, scope and limitations, market potential of solar PV, Business opportunities etc. They guided students for basics of solar PV, solar cell Characteristics, solar panel, different types of system and charge controller.

Webinar: Importance of Profile Improvement in B. Tech Career

The online webinar began with a discussion on the daily habits that students follow and an attitude that enables them to scan possibilities, utilize them, and become successful in life. Further, the secret to success is discussed in detail, and that it lies in the habits of an individual. The various goals of a B. Tech student and pathways were then introduced and discussed upon. The possible career opportunities after graduating from B. Tech were highlighted upon. A deeper exploration into the required skills as a B. Tech student, how they can be achieved Nature Of Activity: Webinar Title:

Importance of Profile Improvement in B. Tech Career Program Name: B.Tech Semester: All students Class : All Subject Name: Motivational Session on Student Profile Improvement Date: 18 th June 2021 Time/ Duration: 3:30 pm Onwards Venue: Online (Zoom) Speaker/s Name: Suraj Kumar Nayak Designation: Assistant Professor, Ajeenkya D Y Patil University, Pune Page | 54 and other preparations to be made were thoroughly talked upon by the speaker Dr. Suraj Kumar Nayak. How to achieve the goals you have set, how to set the right goals and the important role habit plays in achieving your goals were discussed towards the end of the webinar. All the do's and do not's along with many insightful tips were shared throughout the webinar making it fruitful for students.

Webinar- Is Right Mindset Necessary to Become Successful

School of Engineering (ADYPU) organized an inspirational session by a well-known Inspirational speaker Mr. Girish Sevani. The Expert person will conduct the webinar to keep ourselves motivated and happy in these tough pandemic times. Mr. Girish Sevani conducted a live webinar on “Is Right Mindset necessary to become Successful” on the 21st May 2021. It was indeed an interactive and knowledge-building session. The speaker’s thorough insight on the current Scenario and its impact on students’ mindsets was truly overwhelming. All the examples and stories presented by the speaker were an inspiration for all attendees. The webinar indeed gave direction to everyone that even in these tough pandemic times, how it’s essential to keep ourselves motivated and happy.

Master Class: Object Oriented Paradigm

Ajeenkya D Y Patil University, School of Engineering organized the live Masterclass along with TalentSprint Centre of Excellence. Here, the expert person will conduct the Masterclass (Part I and Part II) to train students for IT with Java and Angular Technologies. School of Engineering (ADYPU) organized the Resource Person to conduct the live Masterclass along with TalentSprint Centre of Excellence. Here, the expert Ghouse Pasha Mohammad conducted the Masterclass (Part I and Part II) on January 27 and February 25, 2021.

The Masterclass (Part I and Part II) was successfully conducted to train students for IT with Java and Angular Technologies and to develop them in the same field for future perspective. It was indeed an interactive and knowledge-building session.

Seminar: Introduction to Robotic Process Automation and UiPath

Ajeenkya D Y Patil University, School of Engineering organized the online seminar in association with Codekul. Here, the expert person will conduct the seminar organizing a seminar on Robotic Process Automation and UiPath.

School of Engineering (ADYPU) organized the Resource Person to conduct the live seminar in association with Codekul on Robotic Process Automation and UiPath. Here, the expert person Nisarg Kadam conducted the seminar on 29th June 2021. The seminar was successfully conducted to introduce students to Robotic Process Automation and UiPath. The seminar helped students to know what RPA is, how RPA can boost career opportunities, how to integrate RPA with AI and Machine Learning, and its importance in the future. It was indeed an interactive and knowledge-building session.

STUDENT SUCCESS STORIES

School of Liberal Arts

1. As a part of our ongoing projects with Teesside University, SOLA and SFM students were involved in a filming project

Students representing SOLA

- a) Ms. Anisha Acharya
- b) Mr. Odion Kesington

School of Law:

Innovative Pedagogy

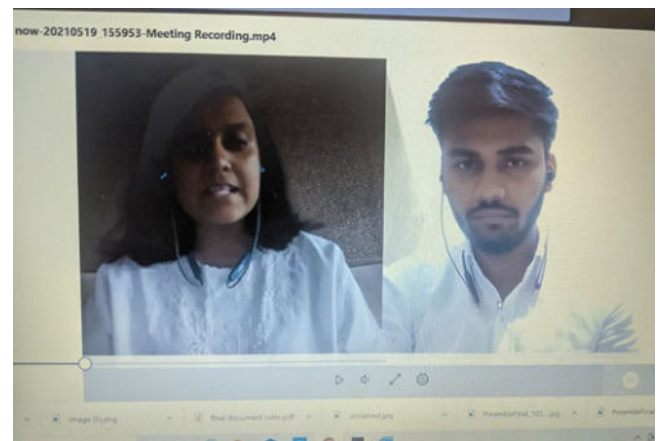

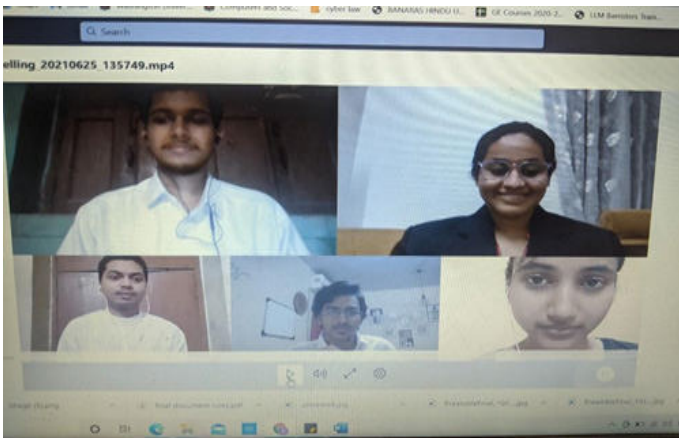

Assistant Professor Sae Tamhankar Conducted fun & learn – group activity with Law students on 16th April 2021 with the following

Objectives:

- 1. To create a satisfaction ratio between faculty & students.
- 2. To make students prepare for group assignments.
- 3. To build confidence amongst students.
- 4. To get relief from the stress.
- 5. To create trust-building in colleagues.

Outcome:

- 1. It will create bonding and will maintain the satisfaction ratio between faculty & students.
- 2. Students will be able to study in groups.
- 3. Students will be stress relieved.

School of Engineering

Startup- Shride: A Self Ride Bike Rental

Ajeenkya D Y Patil University, School of Engineering organized the live session with SHRIDE India Pvt. Ltd. Here, the expert person will explain and guide about how he planned and landed successfully to grow up with a start-up.

Shride India Pvt. Ltd. is a Government of India recognized, DPIIT verified start-up. Shride was incorporated on 7th February 2020. Shride is India's leading rental electrical bike service with a clear mission: "To revolutionize the mobility sector which is plagued with pollution, traffic congestion and rising fuel prices." Shride provides

thoroughly sanitized two-wheelers on rent that cater to the essential needs of urban commuters. Rent two-wheeler bikes or mopeds by easily signing up with a Shride's mobile App available on Google. Mr. Neelabja Saha has developed a solution for a cleaner, more comfortable, and harmless environment for human beings and the environment!

UNIVERSITY-INDUSTRY INTERACTIONS

School of Design

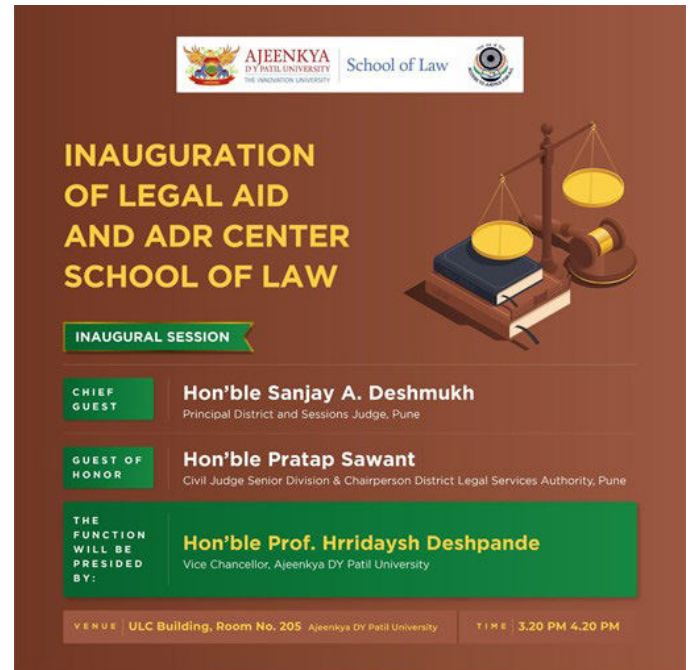

Student-Industry Collaboration projects were conducted with B.Des Automotive Year 3 and 4 students. Altigreen Bangalore conducted a live project with students Siddharth Kote and team. Siddharth got hired after this project. A team of students worked with Indian Railways for Kalka-Shimla Railway Revamp. Team consisted of Anirudh Srivastava, Gitesh Gawade, Kaiwan Dawar, Manu Menon, Moksh Singh and Mrityunjay Misra.

FACULTY EXCELLENCE AND PUBLICATIONS

School of Law

Legal aid & adr center

This initiative provides legal aid to the masses and also provides opportunities for amicable settlement of disputes through the methods of ADR while providing a platform for students for industry experience. The Centre is being established in lieu of fulfilling the promise of community contribution made by ADYPU. The Chief Guest for the inauguration was Hon'ble Sanjay Deshmukh, Principal District and Sessions Judge, Pune. The Guest of Honour for the Inauguration will be Hon'ble Pratap Sawant - Civil Judge Senior Division, Chairperson and Co-ordinator, DLSA Pune. The function will be presided over by Hon'ble Vice Chancellor, Hridaysh Deshpande, Ajeenkya D.Y. Patil University.

**INAUGURATION
OF LEGAL AID
AND ADR CENTER
SCHOOL OF LAW**

INAUGURAL SESSION

CHIEF GUEST **Hon'ble Sanjay A. Deshmukh**
Principal District and Sessions Judge, Pune

GUEST OF HONOR **Hon'ble Pratap Sawant**
Civil Judge Senior Division & Chairperson District Legal Services Authority, Pune

THE FUNCTION WILL BE PRESIDED BY: **Hon'ble Prof. Hridaysh Deshpande**
Vice Chancellor, Ajeenkya DY Patil University

VENUE | ULC Building, Room No. 205 | Ajeenkya DY Patil University **TIME** | 3.20 PM 4.20 PM

Emerging Communication Landscape: International Faculty Development Program (ADYPU-SFM)

ADYPU-SFM had organized a three day IFDP on Emerging Communication Landscape from July 22 to 24, 2021 in association with AIC Pinnacle.

About International Faculty Development Program

Globally, we are experiencing a series of digital transformation processes across all businesses, individuals and creative industries. Digital Communication is the future of tomorrow with the emergence of new forms, content formats, digital audiences and interactive experiences.

Ajeenkya DY Patil University-School of Film and Media has organized a unique International Faculty Development Program titled 'Emerging Communication Landscape' which explored the new wave of digital transformation processes in the media & communication space across the globe. It was exclusively conceptualized for academicians, research scholars and industry professionals in the field of technology, management, humanities, entertainment and communication industries.

The Three-Day Faculty Development Program aimed to explore the ever-changing immersive technologies, the explosion of social media users and how corporations are deploying innovative corporate communication strategies to reach out to stakeholders.

FDP Objectives

- To familiarize with the changing narratives of new forms of digital storytelling formats.
- To explore the ever-changing deployment of immersive and social media technologies in the creative and business world.
- To acquaint with the latest digital literacy tools & creative pedagogy practices.

Immersive Technologies Across Creative Industries: A UK Perspective	Dominic Dunn Principal Lecturer, International Film & TV, Media Production & Niel Hall Senior Lecturer, Animation & VFX Teesside University (United Kingdom)
Production & Post Production of 3D Visuals—The Process Pipeline	Johnson Pothan Technical Director-Visual Process Jio Studio
Emerging Augmented Realty & Virtual Reality Technologies: The Future of Tomorrow	Atish Patel Co-Founder & Business Head InfiVR Immersive Future
Creative Communication Design	Devyani Pawar Founder & CEO, DP House of Media
Digital Audience Engagement Through Social Media	Akshat Shaligram Director, Avail Advertising
Digital Transformation in Corporate Communication	Bhaskar Majumdar Head: Corporate Affairs, Communication & Digital Egis-India
Role of Technology in Stakeholder Communications: Learnings & Perspectives	Satinder Juneja Head: Corporate Marketing Larsen & Toubro Infotech

School of Engineering

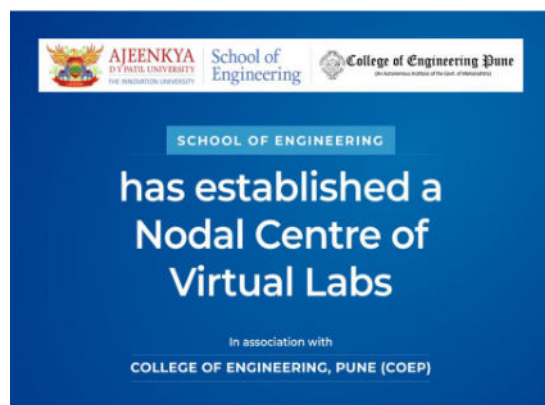

Setting up Virtual Lab Nodal Centre at SOE, ADYPU

Online Lab Resource for ADYPU Student & Teacher Fraternity

Objective

1. To provide remote access to simulation-based Labs in various disciplines of Science and Engineering.
2. To enthuse students to conduct experiments by arousing their curiosity. This would help them in learning basic and advanced concepts through remote experimentation.
3. To provide a complete Learning Management System around the Virtual Labs where the students/ teachers can avail the various tools for learning, including additional web resources, video lectures, animated demonstrations, and self-evaluation

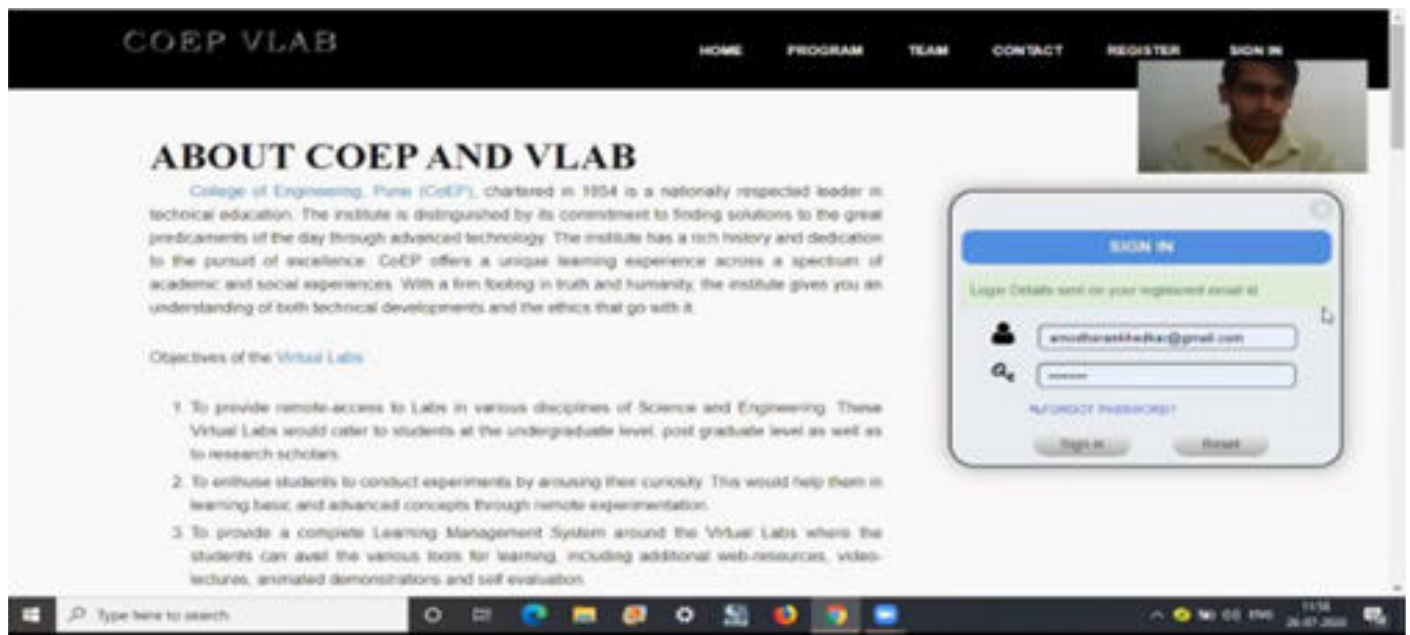

Through an online meeting medium, an interactive webinar was conducted for the students by the School of Engineering Department. In this online session, the students were made aware of the various benefits of using the Virtual Labs portal to understand their subjects with greater depth. Nature Of Activity: Online Lab Resource Title: Online Lab Resource for ADYPU Student & Teacher Fraternity Program Name: B. Tech and M. Tech Semester: All Class: All Subject Name: Online Date: 12th Feb 2021 Time/ Duration: 11:00 am Venue: Online Speaker/s Name: Amod Avinash Harankhedkar Designation:

This will enrich the digital teaching - learning activities.

Outreach Coordinator, Virtual Lab Project, College of Engineering, Pune Page | 24 They were made known of the importance of experiments that could be accessed through the Nodal Centre and use for their academic growth and benefit. A detailed step-by-step procedure of registering, signing up, and logging in to the portal was also explained in the session to the students by the speaker Amod Avinash Harankhedkar who is the outreach coordinator for the same.

Banner of the Virtual Lab Nodal Center at SOE

The screenshot displays the COEP VLAB website banner. At the top, a black navigation bar contains the text "COEP VLAB" on the left and menu items "HOME", "PROGRAM", "TEAM", "CONTACT", "REGISTER", and "SIGN IN" on the right. Below the navigation bar, the main content area features the heading "ABOUT COEP AND VLAB" in bold. Underneath, a paragraph describes the College of Engineering, Pune (CoEP), established in 1954, as a nationally respected leader in technical education. To the right of the text is a small portrait of a man. Below the text, a section titled "Objectives of the Virtual Labs" lists three points: 1. To provide remote-access to Labs in various disciplines of Science and Engineering. 2. To enthuse students to conduct experiments by arousing their curiosity. 3. To provide a complete Learning Management System around the Virtual Labs. On the right side of the banner, there is a "SIGN IN" form with a blue header, a text prompt "Login Details sent on your registered email id", input fields for email and password, a "FORGOT PASSWORD" link, and "Sign in" and "Reset" buttons. The bottom of the image shows a Windows taskbar with a search bar and various application icons.

Centre of Research

FDP ON RESEARCH METHODOLOGY

The two hundred nine academicians from different countries such as Bangladesh, China, Egypt, Indonesia, Philippines and India have participated in the Faculty Development Program on Research.

The Faculty Development Programme in Research is designed for the faculty and Research Scholars across the aim of developing the pedagogical and research Skills of the Participants. Keeping in view the importance of Research FDP will explore the basic dimensions of Research and it includes recent development in the research methods, methodological issues in Research, publication of research papers in the quality journals, ethical issues in the research etc.

दि. १५ सप्टेंबर २०२१ स. ११.३० ते सायं. ६
श्रीशिवाजी विद्यालय, नसरापूर, चेलाडी येथे

- महात्वाची सूचना -

- १) पहिल्या डोससाठी कोविन साईटवरून सेल्फ रजिस्ट्रेशन करणे आवश्यक आहे.
- २) येताना ४ आकडी सिग्रेट कोड घेऊन यावा.
- ३) दुसऱ्या डोससाठी येणाऱ्यांना सेल्फ रजिस्ट्रेशन आवश्यक नाही.

CORPORATE RELATIONS AND PLACEMENT

Ajeenkya DY Patil University, Innovation University works in a 360-degree way to take care of students. The Covid pandemic couldn't stop us from delivering excellence in the placement. We continued to maintain the education continuum and created an ecosystem to enable a secure future for our students.

Robust Industry Network:

Our strong industry network helps us leverage and provide ample opportunities for our students to display their skill and passion, and give them a distinct advantage compared to their peers.

Record Placement:

The state-of-the-art and customized training programs help to increase placement every year. From session 2019-2020 to 2020-2021, there have been more than a 25% increase in the number of placements with a record placement of 627 students.

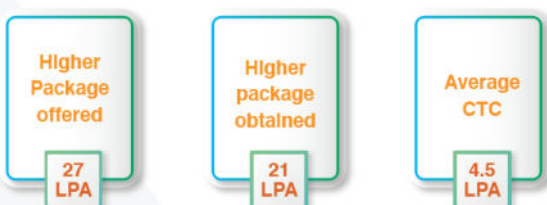

Continuous Student Support:

Training & Placement cell provides much needed training to the students to hone their employability skills.

Seamless Learning, Training, and Placement Activities:

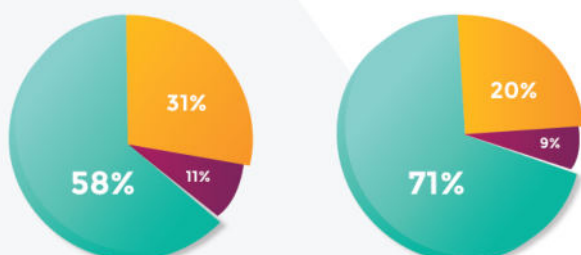

Training & Placement activities are organized throughout the year to prepare the prospective learners for the campus selection programs.
